**3rd INTERNATIONAL SCIENTIFIC CONFERENCE**  
**KNOWLEDGE NOW-BUT HOW    FIRST CALL**

---

**Dear Sir/Madam,**

It is our pleasure to inform you that the third international scientific conference KNOWLEDGE - CAPITAL OF THE FUTURE will take place in Bansko, Bulgaria, in the period from 25<sup>th</sup> to 28<sup>th</sup> of November. The focus of the conference, with the main topic KNOWLEDGE – NOW BUT HOW is the knowledge and its real values, expressed as a need and practice at the moment, as well as in the future, in all scientific areas in the global society.

**PURPOSE OF THE CONFERENCE**

The main purpose of the conference is to gather the relevant people from the academic society at one place, as well as those who are related with the business sector and the educational institutions, with the intention to provide sharing and presentation of the scientific and applicative papers in all important areas of the future development of the knowledge, especially from the aspect of creation, sharing and preparing of the basic and advanced knowledge, with the purpose to strengthen it and adapt it for the people in the future, as well as all the areas of science and social life.

Special purpose of this gathering is to include young people (students from graduate and post graduate studies) in the activities which will help them to improve their formal education, and having this purpose in mind, we encourage students to:

- Present their papers which are mentored by teachers in the Scientific Committee, especially the techniques of gathering, analysis and research of the papers;
- Inclusion in the process of certification of informal trainings in different areas, guided by consultants selected by the Certification Committee
